

My pick to start the year is Quick Strippie by Mary Quilts. Using just three coordinating fabrics, this one can be sewn together in a morning. [Click here](#) to go to directly to the pattern, or go to [maryquilts.com](http://maryquilts.com) and search for “quick strippie” to find the pattern.

This website includes almost 100 simple quilt patterns, there is something here for almost everyone. Her blog is heartwarming, too.
